About Department

The Department of Mathematics, University of Madras, started its research activity in 1927. Ramanujan Institute was started by Prof. Rm. Alagappa Chettiar in 1950 as a memorial to Srinivasa Ramanujan. During 1957-66, the Department of Mathematics and the Ramanujan Institute of Mathematics were functioning as two independent bodies under the University of Madras. In 1967 these two were amalgamated to form the UGC Centre for Advanced Study in Mathematics and named as the Ramanujan Institute for Advanced Study in Mathematics (RIASM). Our Institute has been receiving grants from UGC-SAP, DST, SERB and NBHM.

About Conference

There has been a good deal of research activity in algebra and its applications for past many years. This conference is intended to bring at one place those working in different areas of algebra and its applications. A number of conferences/workshops have been organized by different universities and professional societies both in India and abroad on these topics. The proposed conference will provide a platform for exchange of ideas.
