CHOICE BASED CREDIT SYSTEM (CBCS)

(Outline of Regulations)

Choice Based Credit System (CBCS)

The University Departments adopted the credit based semester system (CBSS) in 1997-98 and moved Choice Based Credit System (CBCS) pattern from 2001-2002 onwards.

Choice-Based Credit System is a flexible system of learning. 'Credit' defines the quantum of contents/syllabus prescribed for a course and determines the number of hours of instruction required. The distinguishing features of CBCS are the following:

It permits students to

- * learn at their own pace
- * choose electives from a wide range of elective courses offered by the University Departments
- * undergo additional courses and acquire more than the required number of Credits
- * adopt an inter-disciplinary approach in learning
- * make best use of the expertise of available faculty

Courses

A programme consists of a number of courses. A 'Course' is a component (a paper) of a programme. Every course offered by any University Department is identified by a unique course code. A course may be designed to involve lectures / tutorials / laboratory work / seminar / project work / practical training / report writing / Viva voce, etc or a combination of these, to meet effectively the teaching and learning needs and the credits are assigned suitably.

Semesters

An academic year consists of two semesters.

- Odd Semester (I and III Semesters) : Normally between July and November
Even Semester (II and IV Semesters) : Normally between December and April

A semester normally extends over a period of 15 weeks. Each week has 30 working hours spread over a 5 day week. Credit requirements for M.Phil., P.G., P.G. Diploma, Diploma and Certificate course:-

- | | | |
|----------------------------|-----|-------------|
| 1. P.G. Course (2 years) | ... | 91 Credits |
| 2. M.B.A. Course (2 years) | ... | 94 Credits |
